

Declaration Under California Health and Safety Code §§ 119400-119402

California Health & Safety Code, Section 119402 (“California Compliance Law”) requires a pharmaceutical company to adopt a Comprehensive Compliance Program (“CCP”) that is in accordance with the April 2003 publication “Compliance Program Guidance for Pharmaceutical Manufacturers” (“OIG Compliance Program Guidance”) which was developed by the United States Department of Health and Human Services Office of Inspector General (“OIG”) and include policies for complying with the Pharmaceutical Research and Manufacturers of America Code on Interactions with Healthcare Professionals (“PhRMA Code”). Further, the California Compliance Law requires that the CCP include limits on gifts or incentives provided to healthcare professionals (“HCPs”) covered by the California Compliance Law and make its CCP and an annual declaration of compliance available to the public.

Kiniksa Pharmaceuticals (“Kiniksa”) has established a CCP, described in further detail below, in accordance with the OIG Compliance Program Guidance. Additionally, Kiniksa has adopted the PhRMA Code and implemented policies, procedures and processes designed to ensure compliance with the PhRMA Code. As part of its CCP, Kiniksa does not provide or offer gifts (even of nominal value) to HCPs and implemented policies to establish annual expenditure limits provided to HCPs in accordance with the California Compliance Law.

Annual Declaration for July 1, 2024

To the best of our knowledge and based on a good faith understanding of the statutory requirements, Kiniksa meets the requirements set forth by the California Health and Safety Code §§ 119400-119402. By making this declaration, Kiniksa is neither certifying nor representing that in all circumstances we can prevent individual employees from engaging in improper conduct or otherwise violating the standards set forth in Kiniksa’s CCP. As recognized by the OIG Compliance Program Guidance, even an effective compliance program cannot eliminate the possibility that one or more individual employee engages in conduct that would be considered improper. However, Kiniksa has established procedures to identify potential violations of Kiniksa’s Code of Business Conduct and Ethics, policies and procedures, or laws and regulations, and to take reasonable and appropriate remedial or corrective action to address violations. In addition, on an ongoing basis, Kiniksa assess its CCP and makes enhancements as necessary.

A summary of Kiniksa’s CCP and a copy of this declaration can be obtained by calling 1-781-431-9100 or e-mailing compliance@kiniksa.com.
